

Channelling by Marilyn Bretherick  
19<sup>th</sup> April, 2007

Dear Ones, Do you know your magnificence? Do you know your expansiveness?

When you are in 3d of course you do not! We are here to remind you of your God Presence and what you mean to us in Spirit. You are creators of Universes! You came down to 3d for a purpose to raise Mother Earth in consciousness. You are the forerunners and the leaders of this. And yet at times you say, "what am I doing here?" You know what you are doing....you are making a difference!

We need to show you the key to remembering your magnitude. It is to do with the Heart Centre.

This is the God Presence. This is the place where you come from when you are opening your heart to receive and the place from where you are to give love. Not all humans have had that experience. Many have but we say there is more to it than you are doing now.

Soon, a new symbol/s will be given to you and this will change the DNA structure around this centre. This will change the cellular molecules. And you will feel the change. You will be emotionally changed!

Mother Earth is about to have a change in this centre. While you only have one Heart Centre Mother Earth has many. Often humans think that one particular country is where the Heart Centre of Mother Earth is but they are wrong. She has many.

One of the places of course is Turkey. That is why you are seeing a big force of Light workers over there. They are getting first hand energy transferral from Mother Earth!

The Dragon energy is very full and active over there because a lot of dragon DNA people chose to incarnate there as they knew this would be the place to receive the energy changes from one of the Heart Centres.

Marilyn, you are feeling the tug of the heart strings at the moment from Turkey because of the energy at the moment.

The Next section will be "Walking in Truth"

This is to help you stay walking in Truth. We know that it appears hard at times to stay actively walking in Truth. It has been a long time for some and some of you grow weary.

The symbol/s given will be to strengthen you all in your conviction to move into the 5<sup>th</sup> dimension and to help Mother Earth Ascend. This symbol/s will work on the Pineal gland of humans. There is a lot of "debris" DNA connected there and this will be removed and the DNA strands for the pineal gland will light up.

The final section will be "Divine Trust"

Humans often become emotional when Trust is spoken of. Trust - what does it mean? How far can one go with Trust? These are some of the things that will be answered and you will be helped to put full trust in Spirit and in your God Presence. You will be able to trust fully without reservations. You will "know" and not even question whether you should trust someone or something. There will be some affirmations along with symbol/s to help you in this area.

Now, I need to tell you about the Dragons - dark and light.

Firstly the dark dragon brothers are trying to make their forces greater but their energy to do this is falling! It is as if the Light is taking over their strength.

If you can imagine a place where there has been a lot of free flowing energy, very strong in the past but now has a restriction around it and is being pulled in closer and closer to restrict the flow of energy. This is what is happening with the dark brothers.

It has been their intent to get others on their side but it is proving useless as the Light is prevailing at a greater speed than they can work. I say to all Light workers to remain steadfast in what you are doing and not to give up. You ARE making a difference!

The Light Dragons are rejoicing at the rate that they are being invited to be Dragon Companions to humans! Many are receiving the call to awaken and ask for dragon companions.

They are also being called to work with many who are doing some very deep work in the etheric field and also in the underground depths of the earth. There is a special league of Dragons that are Masters in this field and they are responding to the call. They carry the colours of

Purple Indigo and Red. Some of these colours are mixed within their energy fields. These are our "scientific ones".

We bless you and wash their feet for having the insight to call these ones.

Our work with Humans has increased a hundred fold in the last 6 months linear time.

So, beloved brothers, continue in your integrity and know that you are truly loved and we wash your feet. Know that when you return home you will be honoured more than you can possibly imagine.

Pen Gough
